

UNITED FORUM OF BANK UNIONS

c/o Singapore Plaza, 164, Linghi Chetty Street, Chennai-600001

Date : 5-8-2026

General Secretary
National Organisation of Bank Workers
National Organisation of Bank officers.

Our attention has been drawn to the joint communication issued by your two organisations dated 4-8-2026.

Both of you are fully aware of the recent developments and these issues were also brought to your attention during the UFBU meeting held at Mumbai on 17-7-2026.

UFBU has been the united voice of the bank employees and officers for the last 30 years and all the unions under UFBU have been moving with mutual respect for each other. Everyone knows that UFBU is an apex level arrangement amongst the Unions.

But we do not know with whose authority you had taken up the issues with BMS and Government affecting the standpoints of the other constituent unions without any prior discussion with the other unions.

We also do not know with whose permission, derogatory posters have been circulated carrying the name of the various constituent unions depicting other unions in poor light.

We also do not know with whose authority you have unilaterally taken up issues like 5 Days Banking with BMS and the Government, as the same is being pursued by UFBU.

We had also pointed out to you that your affiliates are issuing defamatory circulars against other constituent unions of UFBU but you regretted your inability to contain the same.

When the fact remains that UFBU has collectively achieved the wage revision for bank employees and officers, you are issuing circular claiming that wage revision was achieved by BMS which is not true.

When some of us talked to you on these issues, your response indicated that you want to pursue your own line which we feel is detrimental to the objectives of UFBU and our functioning together.
